## **Chapter – 8**

### **Challenges to Democracy**

#### **NCERT Back Exercises:**

**Ques 1:** (Write your name here) \_\_\_\_\_ 's definition of good democracy (not more than 50 words):

**Ans 1:** Good democracy should have a political system that chooses and replaces the government through free and fair elections. People should actively participate in the policies introduced by the government. There should be a fair implementation of all the tenets of the constitution. The fundamental rights provided to the citizens should be adhered to, and states should focus on the directive principles. In a democracy 'of the people, by the people and for the people,' the people should be given the utmost importance by promoting equality, fraternity and justice.
